Thanks so much Sam.

I've found out that this week won't work for Cathy due to other obligations. I'm going to work with her scheduler to find some dates to propose to you all.

I'll keep in touch,

Eileen

Hi Eileen,

Just following up on behalf of Rep. Casten regarding topics of conversation for the meeting with Regional Administrator Cathy Stepp. The Congressman would like to discuss the ongoing situation at the Sterigenics facility in Willowbrook, the EPA's roll in combatting climate change – especially as it relates to the region, his concerns over the Trump Administration's reorganization of the EPA as well as the decline in EPA inspections, DOJ referrals, and fines since President Trump has taken office, as well as other environmental priorities in the region.

The Congressman is looking forward to the meeting.

Best,  
Sam
